**Interview with Arlindo Ferreira and Francisco Pereira, 8<sup>th</sup> grade, class A/ Oficina de Inglês  
Teacher Cristina Leitão**

**How were you chosen to travel to Poland?**

**Arlindo:** I was chosen because I directed a video for the ATLAS project.

**Francisco:** All the interested students from *Oficina de Inglês* were in the drawing and I was lucky, I was chosen.

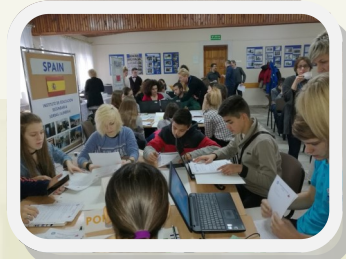

**What were your expectations before travelling to Poland?**

**Arlindo:** I thought that I couldn't communicate with other students. Once I was there, I forgot my fears.

**Francisco:** Before travelling to Poland, I thought that I couldn't speak English very well with the others. I was shy. After all, I could and I did.

**What did you do in the Polish school?**

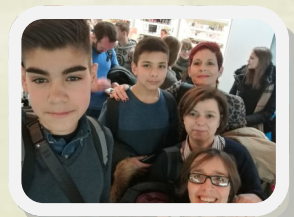

**Arlindo:** I worked in a business plan, I met many friends and I had a lot of fun. Most of all, I represented our school and min-

gled with everybody.

**Francisco:** I learned how to write a business plan, I made new and great friends and I had a fantastic time with students from five different countries (Spain, Turkey, Poland, France and Italy). I also presented a Prezi about our country, our city and our school.

**Name 3 positive and 3 negative aspects about your staying in Poland.**

**Arlindo:** The positive aspects that I consider the most relevant are:

I learned how to write a business plan, I got to know other cultures and I met many friends. I cannot mention any negative aspects.

**Francisco:** In my opinion, the most important aspects are:

Making new friends, getting to know other cultures and the village of Lipno, where I lived. There weren't any negative aspects.
